We send an unusually high number of recent graduates into postgraduate clerkships—with a clerkship placement rate 38% higher than the average at law schools nationally.

WHY SO MANY CLERKSHIPS?

Through the internship opportunities available at New England Law, many of our students come to their postgraduate clerkships having already worked closely with a judge—so these students know what judges expect, and they are prepared for their clerkships from day one.

Our students hit the ground running.

More than 60% of our students take on real-world legal work in our 16 clinics and other faculty-supervised internships.

All students at New England Law take practical skills training classes as a requirement for graduation.

Denise Squillante

Class of 1983

ATTORNEY Denise Squillante PC (MA)

President, 2010–2011

Massachusetts Bar Association

Members of the Massachusetts Bar Association turned to a New England Law graduate to help address some of the most challenging issues facing attorneys, including pro se litigation and appropriate legal structures for the interrogation of terrorists. Her strong leadership also landed her a seat on a key legislative task force studying the critical issue of alimony.
