

New England Law Reciprocity Policy

The New England Law Career Services Office will gladly offer career services to students/graduates of other law schools on a reciprocal basis, subject to the following:

1. Students/graduates will be seen on a one-to-one exchange basis with each law school. However, services will be offered to a maximum of two students/graduates from any one law school per academic year, with any additional students/graduates seen at the discretion of the director.
2. A counseling appointment may be scheduled with the director **after** a letter or e-mail requesting this service is received from the student's/graduate's law school placement office. It is helpful to attach a copy of the student's/graduate's resume. (Due to the busy nature of the fall recruitment season, no reciprocity arrangements can be scheduled between **August 1 and November 1.**)
3. Career services include one counseling appointment and use of the CSO to access job listings and all materials in the Career Resource Library. (Participation in on-campus interviews and confidential or collection-only job listings are **not** included in services available on a reciprocal basis.)
4. All reciprocal career services will be made available to students/graduates for a period of three months from the date of the initial counseling appointment.
5. We will not see students/graduates already taking advantage of reciprocal career services at any other Massachusetts-area law school(s).
